DETAILED ACTION

1. This application claims benefit of the provisional application: 60/309,059 with a filing date 07/31/2001.
2. Amendment of claims 1 and 3, and a terminal disclaimer in the amendment filed on May 11, 2005, is acknowledged. Claims 1-5 are pending in the application.

Responses to Amendment

3. Since the limitation "selective estrogen receptor modulators, growth hormone secretagogues, progesterone receptor modulators, anti-diabetic agents, anti-hypertensive agents, anti-inflammatory agents, anti-osteoporosis agents, anti-obesity agents, cardiac glycosides, cholesterol lowering agents, anti-depressants, anti-anxiety agents, anabolic agents, and thyroid mimetics" has been incorporated into claim 3, therefore, rejection of claim 3 under 35 U.S.C. 112, first paragraph, has been overcome in the amendment filed on May 11, 2005. Since the terminal disclaimer over Sun et al. copending Application No.10/438,722 has been filed and approved, therefore, rejection of claims 1-3 under provisional obviousness-type double patenting has been overcome in the amendment filed on May 11, 2005. Since rejection of claims 1-3 under the provisional obviousness-type double patenting over Hamann et al. copending Application No.10/712,456 is the only remaining rejection, therefore, rejection of claim 1-3 under the provisional obviousness-type double patenting over Hamann et al. copending Application No.10/712,456 is withdrawn herein.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Sammy G. Duncan on June 21, 2005. The application has been amended as follows:

In claim 1, page 3, lines 10-11, after "methylene(-CH₂-), delete
", S(O)_m, NCOR₅, NCO₂R₅, NCONHR₅R'₅ NSO₂NR₅R'₅"

In claim 1, page 3, line 18, delete "including all", and insert
--or--

Delete claims **4-5**

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

Claims 1-3 are neither anticipated nor rendered obvious over the art of record, and therefore are allowable. This invention relates to bicyclic modulators of androgen receptor function. The closest reference is Aebi et al. US 6,790,860, discloses pyrrolidine derivatives. The difference between Aebi et al. '860 and instant claims is that instant compounds of formula (Ia) are not found in Aebi et al. Suggestion for

modification of above record to obtain the instant claimed compounds/compositions, has not been found. Claims 1-3 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
